

Travel Aid Bio Energy Patch

The Travel Aid Bio Energy Patch is designed to balance the frequencies of the inner ear that signal the brain when motion and physical activity do not match, causing an imbalance or vertigo sensation. This patch is also good for morning sickness and motion sickness. Application: Consider using this patch: when traveling in any mode of transportation, and even for the elderly who easily lose their balance.

Use in conjunction with: Bio Energy Patches that can be used in conjunction with and boost the effectiveness of Travel Aid: Focus/Adult, Focus, Children, Sinus, Stress Freeze, Allergies, Enviro3, Wellbeing.

Tips: The Travel Aid patch is designed to counter act the effects of motion sickness. It is programmed with frequencies that aid in reducing motion sickness and vertigo.
